Subject: **SEIU LOCAL 660 \$1.4 MILLION TRAINING FUND**

REQUEST FOR PROPOSALS

On December 16, 2003, the Board approved the new agreement between Los Angeles County and SEIU Local 660 which once again includes \$1.4 million a year in funds for training. The Joint Labor-Management Committee (Committee) is soliciting proposals from County departments for training programs or training projects to enhance the skills of workers represented by SEIU Local 660. The Committee is seeking new ideas for identifying, designing, and implementing training programs that address the training needs of the employees represented by Local 660.

The training fund programs are developed for the purpose of providing a better-trained workforce and providing opportunities for staff who may be displaced due to downsizing, job elimination, or reengineering. Since 1998, the Committee has provided funding for certification and training programs, and purchased computers and equipment for several computer-training sites. A sampling of some of the training programs and projects that have been approved by the Committee is provided in Attachment I.

BACKGROUND

In the 1998 Memorandum of Understanding (MOU) with SEIU Local 660, the Board approved the establishment of a training fund dedicated to training and/or retraining employees represented by SEIU Local 660. In accordance with the MOU, a Joint Labor-Management Committee was established to identify training programs that can provide opportunities and enhance the skills of County employees. The funds are administered by the Joint Labor-Management Committee and are included in the Department of Human Resources' budget. For your information, a listing of the Joint Labor-Management Committee members is provided in Attachment II.

TRAINING PROGRAMS/PROJECTS

County departments are invited to submit proposals for training programs or projects. Proposals should be typewritten and no more than three pages long. The proposals should provide a synopsis and a description of the proposed program or project (i.e., curriculum, program format, and cost of the training). Proposals should also identify the target audience and possible training site/location. A Sample Proposal Format is attached (Attachment III) for reference.

For your information, for the past three years, DHR contracted with CompUSA on behalf of the Joint Labor-Management Committee for software classes that were offered to all County departments. That contract has expired. Departments are encouraged to enter into their own agreements for computer training.

SUBMISSION OF PROPOSALS

County departments are asked to submit proposals **as soon as possible**, but no later than Friday, March 26, 2004, to obtain funding from this fiscal year's funds. We are happy to receive proposals after that date on an ongoing basis, but they may have to wait to be considered for next year's funds. All proposals should be mailed or faxed to:

Lisa Radford
Joint Labor-Management Committee
Department of Human Resources
3333 Wilshire Boulevard, Suite 350
Los Angeles, CA 90010
Fax: (213) 637-0823

The County recognizes the importance of training its employees to develop a stable and effective workforce. This partnership of labor and management has been an extremely valuable opportunity to have a positive effect on the County's workforce.

Departments can obtain assistance in preparing proposals from Department of Human Resources staff. For additional information, you or your staff may contact Rosie Maloof, Principal Analyst, Human Resources, at (213) 738-2117 or Lisa Radford, Human Resources Analyst, at (213) 738-3448.
